SKILLS

Programming: Java, Python, C

Frontend: HTML, CSS, JavaScript, React

Backend: Java (Spring Boot), Python (FastAPI)

Database: MySQL, PostgreSQL, MongoDB

Core: REST APIs, Data Structures & Algorithms, Backend Development, Problem Solving

PROJECTS

FashionStore E-Commerce Web Application | *Java, JSP, Servlets, JDBC, MySQL* Jan 2026 – May 2026

- Built a full-stack e-commerce application with **authentication**, cart, and checkout features
- Developed a responsive UI for Men, Women, and Kids fashion collections
- Implemented cart management, order processing, and **MySQL** database integration

AI-Based Resume Parser | *Python, NLP, Streamlit* Mar 2025 – Dec 2025

- Developed an **AI-based** resume parser for extracting data from PDF and DOCX files
- Built a **Streamlit** web interface with drag-and-drop upload functionality
- Improved resume screening efficiency using automated keyword extraction and parsing

AI Interview Preparation Platform | *Java 21, Spring Boot, PostgreSQL, React.js, JWT, Gemini API* 3 Months

- Designed a secure interview preparation platform using **Spring Boot**, **Spring Security**, and **JWT** authentication with role-based access for students and administrators
- Integrated the **Gemini AI API** to analyze resumes and generate personalized interview questions, Java MCQs, and coding challenges based on identified skill gaps
- Built a scalable RESTful backend with **Spring Data JPA** and **PostgreSQL** to manage user profiles, assessments, and learning roadmaps

EXPERIENCE

TAP EdTech Pvt Ltd Jan 2026 – Present
Java Full Stack Developer Intern Bengaluru, India

- Gained strong hands-on experience in **Core Java** by implementing OOP concepts including inheritance, polymorphism, encapsulation, and abstraction
- Developed dynamic full-stack web applications using **Java**, JSP, Servlets, JDBC, HTML, CSS, and **MySQL** following a structured MVC-based approach
- Designed and implemented real-time modules including user authentication, shopping cart management, and check-out workflows with seamless frontend-backend integration
- Strengthened backend development, database connectivity, debugging, and problem-solving skills through continuous hands-on application development

ACHIEVEMENTS

- Participated in **HACKABHiGNA** Hackathon, Adichunchanagiri Institute of Technology (Oct 2025)
- Completed **Data Analytics Job Simulation** by Deloitte (Jun 2025)
- Completed **Artificial Intelligence Program** from EduVetha (Dec 2023)
- Received **Promising Innovator Award** at IdeaStorm (Sep 2025)

EDUCATION

SDM Institute of Technology 2022 – 2026
B.E. in Artificial Intelligence & Data Science, CGPA: 7.70 Ujire, Karnataka
